(2) The term “permanent establishment” includes—

(a) a place of management;

- (d) the maintenance of a fixed place of trade or business solely for the purpose of activities which have a preparatory or auxiliary character for the enterprise, such as advertising or scientific research.

(4) An enterprise of a Contracting State shall be deemed to have a permanent establishment in the other Contracting State and to carry on trade or business through that permanent establishment if—

- (a) it carries on supervisory activities in that other Contracting State for more than six months in connection with a building site, or a construction, installation or assembly project which is being undertaken, in that other Contracting State; or
- (b) substantial equipment is in that other Contracting State being used or installed by, for or under contract with the enterprise.

(5) A person acting in a Contracting State on behalf of an enterprise of the other Contracting State (other than an agent of independent status to whom paragraph (7) of this Article applies) shall be deemed to be a permanent establishment of that enterprise in the first-mentioned Contracting State if—

- (a) he has, and habitually exercises in that first-mentioned Contracting State, an authority to conclude contracts on behalf of the enterprise, unless his activities are limited to the purchase of goods or merchandise for the enterprise;
- (b) there is maintained in that first-mentioned Contracting State a stock of goods or merchandise belonging to the enterprise from which he habitually fills orders on behalf of the enterprise; or

(8) The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on trade or business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute a place of business of either company a permanent establishment of the other.

ARTICLE 6 INDUSTRIAL OR COMMERCIAL PROFITS

(1) Industrial or commercial profits of an enterprise of a Contracting State shall be subject to tax only in that Contracting State unless the enterprise carries on trade or business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on trade or business as aforesaid, tax may be imposed by that other Contracting State on the whole of the industrial or commercial profits of the enterprise from sources within that other Contracting State whether or not those profits are attributable to that permanent establishment.

(2) Where an enterprise of a Contracting State carries on trade or business in the other Contracting State through a permanent establishment situated therein, there shall be attributed to that permanent establishment the industrial or commercial profits which it might be expected to make if it were an independent enterprise engaged in the same or similar activities under the same or similar conditions and dealing at arm's length with the enterprise of which it is a permanent establishment; and the profits so attributed shall be deemed to be income derived from sources in that other Contracting State and shall be taxed accordingly.

(3) In determining the industrial or commercial profits attributable to a permanent establishment in a Contracting State, there shall be allowed as deductions all expenses of the enterprises, including executive and general administrative expenses, which would be deductible if the permanent establishment were an independent enterprise and which are reasonably connected with the permanent establishment, whether incurred in the Contracting State in which the permanent establishment is situated or elsewhere.

(4) If the information available to the competent authority of the Contracting State

concerned is inadequate to determine the industrial or commercial profits to be attributed to the permanent establishment, nothing in this Article shall affect the application of the law of that Contracting State in relation to the liability of the enterprise to pay tax in respect of the permanent establishment on an amount determined by the exercise of a discretion or the making of an estimate by the competent authority of that Contracting State. Provided that the discretion shall be exercised or the estimate shall be made, so far as the information available to the competent authority permits, in accordance with the principle stated in this Article.

*Income Tax Act section 106
New Zealand*

(5) Industrial or commercial profits shall not be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

(6) Nothing in this Article shall apply to either Contracting State to prevent the operation in the Contracting State of any provisions of its law at any time in force relating to the taxation of any income from the business of any form of insurance. Provided that if the law in force in either Contracting State at the date of signature of this Agreement relating to the taxation of that income is varied (otherwise than in minor respects so as not to affect its general character), the Contracting Governments shall consult with each other with a view to agreeing to such amendment of this paragraph as may be appropriate.

ARTICLE 7

ASSOCIATED ENTERPRISES

(1) Where—

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are operative between the two enterprises in their commercial or financial relations which differ from those which might be expected to operate between independent enterprises dealing at arm's length, then any profits which, but for those conditions, might have been expected to accrue to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise.

(2) Profits included in the profits of an enterprise of a Contracting State under paragraph (1) of this Article shall be deemed to be income of that enterprise derived from sources in that Contracting State and shall be taxed accordingly.

(3) If the information available to the competent authority of a Contracting State is inadequate to determine, for the purposes of paragraph (1) of this Article the profits which might have been expected to

accrue to an enterprise, nothing in this Article shall affect the application of any law of that Contracting State in relation to the liability of that enterprise to pay tax on an amount determined by the exercise of a discretion or the making of an estimate by the competent authority of that Contracting State. Provided that the discretion shall be exercised or the estimate shall be made, so far as the information available to the competent authority permits, in accordance with the principle stated in this Article.

ARTICLE 8

SHIPPING AND AIR TRANSPORT

(1) A resident of a Contracting State shall, subject to paragraphs (2), (3) and (4) of **Article 6** and to **Article 7**, be exempt from tax in the other Contracting State on profits from the operation of ships or aircraft other than operations confined solely to places in that other Contracting State.

(2) The exemption provided in paragraph (1) of this Article shall apply in relation to the share of the profits from the operation of ships or aircraft derived by a resident of a Contracting State through participation in a pool service in a joint transport operating organisation or in an international operating agency but only to the extent to which the share of the profits is not attributable to profits from voyages, flights or operations confined solely to places in the other Contracting State.

(3) For the purposes of this Article and Article 20, profits derived from the carriage of passengers, livestock, mails, goods or merchandise shipped in a Contracting State for discharge at another place in that Contracting State shall be treated as profits from the operation of a ship or aircraft confined solely to places in that Contracting State.

(4) If the mode of operation of ships or aircraft by residents of either of the Contracting States at the date of signature of this Agreement is subsequently so changed that either of the Contracting Governments considers that the wording of the Article should be reviewed, the Contracting Governments shall consult with each other with a view to deciding whether any modification of this Article is desirable.

ARTICLE 9¹

DIVIDENDS

(1) Dividends paid by a company which is a Fiji resident to a person who is a New Zealand resident may be taxed in New Zealand. However, such dividends may be taxed in Fiji and according to the law of Fiji, but, where that person is the beneficial owner of the dividends, the amount of Fiji tax so charged shall not exceed 15 per cent of the gross amount of the dividends.

(3) The limitation on the amount of tax for which paragraphs (1) and (2) of this Article provide shall not apply if the person who is the beneficial owner of the dividends being a resident of a Contracting State, has in the other Contracting State a permanent establishment and the holding giving rise to the dividends is effectively connected with that permanent establishment. In such a case, the dividends may be taxed in that other Contracting State in accordance with the law of that other Contracting State.

¹**Article 9 subject to First Protocol to the Agreement, LN 159/1976**

²**Article 10 subject to Second Protocol to the Agreement, LN 140/1986**

In such a case, the interest may be taxed in that other Contracting State in accordance with the law of that other Contracting State.

(3) The limitation on the amount of tax for which paragraph (1) of this Article provides shall not apply if the person who is the beneficial owner of the interest, being a resident of a Contracting State, and the person paying the interest are associated with each other. In such a case, the interest may be taxed in the other Contracting State in accordance with the law of the other Contracting State. For the purposes of this paragraph a person is associated with another person if either person controls directly or indirectly the other or if the same persons control directly or indirectly both. For this purpose the term “control” includes any kind of control, whether or not legally enforceable, and however exercised or exercisable.

(4) Where the application of the limitation on the amount of tax for which paragraph (1) of this Article provides is not excluded by virtue of the foregoing provisions of this Article, but, owing to a special relationship between the person paying the interest and the person who is the beneficial owner of the interest, or between both of them and some other person, the amount of the interest paid exceeds the amount which might have been expected to have been agreed upon in the absence of such relationship, the limitation on the amount of tax for which paragraph (1) of this Article provides shall apply only to the last-mentioned amount. (2) The term “royalties” in this Article means payments of any kind to the extent to which they are made as consideration for—

In such a case, the royalties may be taxed in that other Contracting State in accordance with the law of that other Contracting State.

(4) Where the application of the limitation on the amount of tax for which paragraph (1) of this Article provides is not excluded by virtue of paragraph (3) of this Article but owing to a special relationship between the person paying the royalties and the person who is the beneficial owner of the royalties, or between both of them and some other person, the amount of the royalties paid exceeds the amount which might have been expected to have been agreed upon in the absence of such relationship, the limitation on the amount of tax for which paragraph (1) of this Article provides shall apply only to the last-mentioned amount.
